

# Getting your slice of the internet's incredible money bonanza will put Hundreds of Thousands of Pounds in your bank account.

## This is your chance.

Dear Friend,

Let's not beat around the bush.

The money's out there!

It's no secret now just how much money is being made, day after day, by people using the power of the internet to create cash generating, home-run businesses.

Thousands of pounds every month.

In some cases THOUSANDS OF POUNDS EVERY WEEK.

There are even well documented cases of ordinary people...people who aren't vastly experienced in business and who certainly aren't experts in any kind of computing or internet matters... succeeding in building home run businesses able to put TENS OF THOUSANDS OF POUNDS EVERY MONTH (that's right - ten, twenty, thirty...as much as FORTY THOUSAND POUNDS in a single month into their bank accounts.

**Think about that. Even at the lowest end of that kind of result...ten thousand pounds every month means £120,000 a year going into YOUR account.**

And the best thing is...unlike almost any other kind of career change or new business venture...the vast majority of businesses of this kind DON'T REQUIRE their owners to give up their existing jobs!

Read on and we'll explain to you how people who want to keep working in their cur-

rent jobs can build successful businesses that earn THOUSANDS AND THOUSANDS OF POUNDS for them month after month...while they keep going out to their normal job.

EVEN MORE EXCITINGLY...you'll see how OVER 70% of these people do eventually decide to GIVE UP their jobs and work from home, concentrating on their new business.

**AFTER ALL...why would you carry on working in a job for very long once you could see that your bank account was bulging more and more every month from a business that you could stay at home to run?**

It wouldn't make any sense, would it?

Once your home-run business is delivering you thousands and thousands of pounds EVERY SINGLE MONTH, you're free to choose when you put in the few hours each week that it takes to look after it and make sure that the money just keeps on coming in.

THAT'S SOMETHING YOU COULD DO WELL ENOUGH, ISN'T IT?

Aside from that... your time is actually, really, your own.

All the money you need and MORE...PLUS...as much time as you like to spend with your family, play golf, walk your dog...or just sit around and watch TV.

## **Can anything this profitable really be that easy?**

That's a very natural question, and the fact that you're asking it shows that you're not the kind of person to be taken in by 'get rich quick' ideas or schemes.

**You're probably the kind of person, though, who understands that KNOWING ABOUT AND UNDERSTANDING an opportunity is the surefire secret way to GUARANTEE that you're able to capitalise on it.**

Simply realising that 'the internet' is a great place to make money isn't going to get you very far.

(It's a bit like recognising that having premises in a busy shopping centre would be a great way to make money! You'd still need to understand the different kinds of shop, cafe or other business you could run in your premises, and be able to judge which would be best for making money and - just as importantly - which would be most ENJOYABLE for you to run.)

**So what you need as a first step to unlocking YOUR OWN PERSONAL**

SLICE OF THE INTERNET BILLIONS is to take a good, broad look at the most successful methods people are using to generate massive personal incomes on the internet right now.

This kind of comprehensive look gives you what leading business consultants refer to as a helicopter view of the opportunity.

The kind of overview that let's you make a proper, considered choice of the right kind of business for you to start. This kind of highly valuable perspective HAS BEEN PROVEN to dramatically increase your chances of achieving MONEY MAKING SUCCESS in new business development.

## **How can you get the kind of overview that ensures you money making success?**

What you need is information which lets you understand, - in simple, direct terms, in plain English and without trying to fox you with business jargon - what the options are for building the kind of home-run business that is **ALREADY PROVEN** capable of generating THOUSANDS OR TENS OF THOUSANDS of pounds a month.

Information like this is often hard to get, as it involves a large amount of research and compiling by an author or editor to produce a really usable guide.

Guides which DO offer the kind of information you need are generally extremely costly, because of the work involved in producing them, and often sell for **UPWARDS OF £700** each.

### **THE INFORMATION YOU NEED.**

As distributors of business information aimed at the true entrepreneur, we have been looking for some time to put together a pack which really can give people who want to build a **BIG-MONEY GENERATING home-run business** all the information they need to understand and weigh up the ways open to them to achieve financial success..

**Our aim has been to find PROVEN SUCCESSFUL material and offer it in one easy to use, authoritative dossier.**

### **A UNIQUE PACKAGE**

There can be no doubt that, like most people, you'd be delighted to have the chance to learn from top-class experts, and to have them explain to you personally, in great detail, the various options available to you for building a business from which you can earn thousands and thousands of pounds every month, from home.

**It's with this in mind that we've put together the unique 'Enigma Files'.**

And if you read on for just a little while longer you'll discover PRECISELY what's contained in this astonishing, heavyweight business information dossier, and how it will help you to successfully identify YOUR PERSONAL ROUTE to that new, big-money monthly income.

## **REMEMBER!**

We make no apologies for reminding you.

Thousands of very ordinary people are ALREADY using the EXACT methods revealed and explained in the 'Enigma Files' dossier to make incomes of thousands...even tens of thousands of pounds a month.

## **Benefit from the Guidance of some of the World's LEADING Experts on Money- Generating Home-Run Businesses.**

**Jim Sheridan** is one of the UK's most in-demand and highly respected internet business gurus.

Sheridan's internet businesses actually do put THOUSANDS AND THOUSANDS OF POUNDS into his bank account every single month, with little or no involvement from him after they'd been set up.

On the 'Enigma Files' high-value DVD, Sheridan tells you IN DETAIL how it works, and how you can follow his lead and get cash flowing into your account.

**James Edwards**, the author of three of the 'Enigma Files' dossier's 4 secret-packed money-making manuals is also recognised as one of the World's LEADING EXPERTS in creating wealth online, from home. Edwards is a particular expert in home working of the world's financial markets, and in showing ORDINARY PEOPLE with no financial training or expert knowledge how they can use the ups and downs of the markets to make money WHICHEVER WAY THE MARKETS MOVE!!!

Susan Mitchell, the author of the 'Enigma Files' dossier's final money-making manual, is considered by many to be the foremost specialist in building home-businesses around E-Bay. Her practical, detailed style makes it easy for almost ANYONE to understand what they need to do in order to get E-Bay working for them quickly and start the cash rolling in to their account.

## On DVD and in Print.

# A Goldmine of Invaluable Business-Shaping Information

The 'Enigma Files' isn't the kind of business information that talks in loose terms or leaves you with an unbridgeable gap between the things about which it talks and the practice of putting them to work making money.

Quite the opposite.

**The 'Enigma Files' contains a tuition DVD, a resource disc, and 4 powerful, secret-packed individual manuals, each covering its own area of cash-generating internet enterprise with detailed and highly practical information, explaining the various ways in which, working from home, you can use the internet to develop INCOME-GENERATING businesses.**

In addition to the high-power DVD which would be worth the FULL PRICE of the 'Enigma Files' dossier on its own, the informative text of the 4 manuals runs to hundreds of pages. You'll BE UNABLE TO PUT IT DOWN as you feel the 'Enigma Files' transferring into your brain **REAL SECRETS** of how to earn thousands and thousands of pounds each month

**BUT THE DVD AND THE 4 MANUALS giving you hundreds of pages of knowledge and money-making secrets isn't the end of it.**

**In addition to the knowledge you'll obtain from the dossier, you'll also receive a valuable software tool which will help you generate huge profits through your online business.**

When you've digested everything there is to be learned from the 'Enigma Files', you'll be ideally positioned to make an informed choice about the kind of business you're going to start in order to ensure that the internet money bonanza doesn't pass you by.

With this information, it really should only be days before the tap is opened and actual cash begins to hit your account.

When some of the world's leading authorities share their advice, knowledge and secret strategies with you, EVERYTHING becomes clear and understandable.

**AND ONCE YOU HAVE THE FULL PICTURE, YOU CAN DECIDE WHAT KIND OF BUSINESS YOU'RE GOING TO START UP.**

## **WARNING**

**Because of the quality of the information contained on the 'Enigma Files' DVD and in its high-value Manuals, and the way in which the material shows how the various business opportunities work, many people are tempted to commit to choosing the kind of business they wish to start without working through the complete dossier. We STRONGLY ADVISE AGAINST THIS. As we explained earlier, choosing the right kind of money-making business opportunity FOR YOU depends on having a proper view of all options available, and so we urge you to WATCH AND READ THROUGH THE ENTIRE DOSSIER WITH AN OPEN MIND before attempting to form any decision.**

# **The 'Enigma Files'. What You Get.**

The Matrix Opportunities 'Enigma Files' gives you a high quality loose-leaf dossier containing a superb tuition DVD PLUS supporting resource disc. It also includes 4 highly valuable manuals, AND access to a superb quality software tool which ACTUALLY HELPS YOU TO MAKE CASH online.

The 'Enigma Files' looks in exhaustive detail at each area of internet business opportunity, showing how to go from a standing start to making money quickly and simply.

**The 'Enigma Files' DVD** contains a full length video teach-in, 'Instant Internet Income', by leading internet business expert Jim Sheridan. Sheridan helps you to understand the opportunities for building a home-run business capable of making you thousands of pounds every month around.

On your DVD, he looks at how to become an internet deal broker and create automatic streams of internet income. In 3 easy to follow sections, the DVD covers how to start your own profitable internet business as soon as possible, how to drastically improve an existing business's profits using the internet, and how to become an internet deal broker to create instant internet income.

**The first of the 'Enigma Files' manuals**, 'Easy Trader', gives you clear, informative advice about how to work from home, teaching yourself to operate as a successful 'futures' trader, using your PC to make money from the stock market **REGARDLESS OF WHETHER IT RISES OR FALLS.**

This manual cracks open the whole MYTH of futures trading, taking JUST 2 EASILY UNDERSTANDABLE LESSONS to show that far from being the preserve of whiz-kids in City offices, making BIG MONEY from dealing in ‘futures’ is so simple that ANYONE can do it and make money.

**The second of the ‘Enigma Files’ manuals**, ‘Net Income’, is a killer work on the practical details of creating a winning website capable of pulling HUGE sums of money on a daily basis.

This isn’t about how websites are built...it’s about knowing exactly how users act on a site and so how to manipulate them into behaving as you want them to do. The knowledge in this manual will be of ENORMOUS VALUE to you as you work out how your business will work, and as you instruct the people building a site for you in how to make it work harder than you dreamed possible.

This manual ALSO contains hard, informative secrets and information on how to drive traffic to your site. As I’m sure you understand, driving traffic is the key to ALL success in home-based internet business. It doesn’t matter how good your site is unless you can get people onto it, ready to spend their money, and that’s what ‘Net Income’ shows you how to do.

**The third of the ‘Enigma Files’ manuals**, ‘Internet Auctions’ by E-Bay expert Susan Mitchell, takes a long and serious look at the massive potential of E-Bay and other internet auction sites to deliver you the platform for a VERY LUCRATIVE business. Susan Mitchell’s manual takes you step by step through every key point to understand and decision to be made in getting E-Bay’s user base to literally POUR MONEY into your bank account.

Is it difficult? The honest answer is ‘No’. And combining this manual’s secret tips and advice with the knowledge you’ll have gained from other sections of the ‘Enigma Files’ makes banking £3,000 to £8,000 EVERY MONTH a very real possibility for your new business WITHIN MONTHS.

**The fourth and final ‘Enigma Files’ manual**, ‘Dream Machine’, combines with ‘Net Income’ in helping you develop your money making business. While ‘Net Income’ helps you to understand how to get people to your site, and how to shape a site so that it encourages visitors to spend as much as possible with you, ‘Dream Machine’ shows you how to reveal and develop an actual idea for your business, and how to nurture it to the point where it can start putting money into your account EVERY MONTH.

**The FREE software which is also included with the ‘Enigma Files’**, is a powerful tool for building covers for the kind of e-book products that sell on the internet IN THEIR MILLIONS, and which have been used by more people THAN ANY

**OTHER SINGLE PRODUCT to set up BIG MONEY MAKING businesses. The software is included as a part of Matrix Opportunities 'Enigma Files' dossier, and you'll find details of how to download it directly to your PC included in your dossier.**

The experts who have contributed to the 'Enigma Files' really are amongst **the world's leading authorities** in the area of online business, **specialising in the development of work-from-home, one-man enterprises** - usually fully automated systems that, once set up, **just keep on earning money for you**, without you doing a thing!!!

In our view, it's well within the capability of anyone who takes the time required to set up this kind of business to earn in excess of £100,000 a year from it, for no more than a few hours effort each week.

The 'Enigma Files' is not a rehashing of information you can acquire elsewhere.
